Schematic of non-peptide opioid alkaloid and substance P chimeric hybrid conjugate molecule

Non-peptide opioid alkaloid	Molecular linker	Active fragment of substance P
-----------------------------	------------------	--------------------------------

Fig. 1

Schematic of mu opioid receptor preferring opioid peptide and non-peptide substance P receptor activating chimeric hybrid conjugate molecule

Mu opioid receptor-preferring opioid peptide	Molecular linker	Non-peptide substance P receptor activating domain
----------------------------------------------	------------------	----------------------------------------------------
